Map Your Funnel (5 min)

Fill in your workbook: Top, Middle, Bottom channels for your brand

Step 1: Content Calendar — Exact Prompts to Use

8 MINUTES | OSMAGENT

Prompt A — Social Media Calendar. Type this EXACTLY, replacing only [YOUR BRAND]:

> "Generate a 30-day social media content calendar for [YOUR BRAND]. Include: 15 educational posts, 8 promotional posts, 4 social proof posts, 3 behind-the-scenes posts. Format for LinkedIn + Instagram with complete post text, image suggestions, posting times, and hashtags."

✅ **Save the output before moving on.**

Prompt B — Email Welcome Sequence. Then type EXACTLY:

> "Write a 5-email welcome sequence for [YOUR BRAND]. Email 1 (Day 0): Welcome + story. Email 2 (Day 2): Problem we solve. Email 3 (Day 5): Customer success story. Email 4 (Day 8): Special offer 20% off. Email 5 (Day 12): Last chance + urgency. Under 200 words each, matching our brand voice."

✅ **Save both outputs to your workbook.**

Step 2: WhatsApp Campaign — 4-Part Setup

7 MINUTES | OSMTALK

1 Create Broadcast Template

Use osmAgent: *"Write a WhatsApp launch announcement for [BRAND]. Under 160 words. Include what we do, launch offer, and CTA. Add emojis. Professional but exciting."*

2 Set Auto-Reply Flow

"Tell me more" → service overview + website link. "How much?" → pricing + book CTA. "I'm interested" → "What day works for you?" "Not now" → "No problem! Save our number for later."

3 Set Follow-Up Sequence

Day 1: Thank you + useful tip. Day 3: Friendly check-in message. Day 7: Reminder of your launch offer before it expires.

ⓘ Every reply in this flow is handled by your AI agent. You are not required to respond manually to a single message.

Step 3: Outbound Sales Voice Agent

5 MINUTES | OSMTALK

Create an outbound agent in osmTalk using this script. **Do not paraphrase — use these exact lines.**

If Prospect Says YES (2 minutes)

1. Deliver 3-sentence value proposition clearly
2. Qualify: "Do you have this need? What's your budget range? When are you looking to start?"
3. If qualified → "Can I book a quick call for you?" → confirm time

Opening Script

"Hi, I'm calling from [Brand Name]. We just launched [service] and I thought it might be useful for you. Do you have 2 minutes?"

If Prospect Says NO

"No problem at all. Visit us at [website] anytime. Have a great day!"

Agent ends call politely. No pressure. No follow-up unless requested.

Step 4: Map Your Funnel

5 MINUTES | WORKBOOK EXERCISE

Open your workbook now. Fill in each row with the **specific channels and tools you will use** for your brand. Be precise — vague answers score zero in the review.

Funnel Stage	Your Answer	AI Tool Used
🔝 **TOP** — How do leads find you?	List every channel (social, WhatsApp, cold call, SEO)	osmAgent, osmTalk
🔄 **MIDDLE** — How do you engage them?	Chatbot, email sequence, WhatsApp follow-up	osmTalk, osmAgent
🎯 **BOTTOM** — How do you close them?	Demo, offer, payment link, testimonials	UPI (Module 8)
🔁 **AFTER** — How do you retain them?	Support bot, upsell campaign, referral ask	osmTalk (Module 8)

A complete funnel has at least 2 entries in every row. If any row is blank, your sales system has a gap.

REVIEW — Self-Grade Your Growth Engine
