Validate Idea Build Brand Launch Online Scale Ops

MODULE 2 & 3

Idea Validation & Brand Identity

Module 2 — Business Idea Prompt

I want to start a **[IDEA]** business targeting **[AUDIENCE]**. Create:

- Business description & customer profile
- 5 core services with INR pricing
- Revenue projections & why AI helps

Follow-up prompts: competitors, market size, key differentiators, risk analysis.

Module 3 — Brand Identity Prompt

Build a complete brand identity for your business:

- **Name:** Generate 10 business name options
- **Logo:** 3 concepts — modern / minimal / bold / playful
- **Voice:** 3 brand words, tone guide, 5 social posts, email template, complaint response
- **Tagline:** 5 options, elevator pitch, bios, Terms of Service, Privacy Policy

🧠 Idea Prompt

I want to start a **[IDEA]** business targeting **[AUDIENCE]**. Create: description, profile, 5 services INR, revenue, why AI.

🔍 Follow-Up Prompt

Now give me: competitors, market size, key differentiators, and top 3 risks for this business.

🎨 Brand Prompt

Name: 10 options. Logo: 3 concepts. Voice: 3 words, tone, 5 posts, email, complaints. Tagline: 5 options, pitch, bios, ToS, Privacy.

MODULE 4

Website & SEO Prompts

Use these prompts to build a complete, conversion-optimized website with full SEO coverage — all generated by AI in minutes.

1

Hero + CTA Section

Build the homepage hero for **[NAME]** with a compelling headline, subheadline, and a strong call-to-action button.

2

Services + Pricing Page

Create a services page listing all offerings with clear descriptions and INR pricing tiers for **[NAME]**.

3

About + Testimonials

Write an About Us section and 5 realistic customer testimonials that build trust for **[NAME]**.

4

Contact + SEO Pack

Generate a contact page, meta tags, target keywords, and 3 full SEO blog posts for **[NAME]**.

💡 **Pro Tip:** Replace **[NAME]** with your actual business name before pasting. Run each section as a separate prompt for best results.

MODULE 5

FAQ Generation Prompt

The Master FAQ Prompt

Generate **15 FAQs** for **[BRAND]** covering all key customer questions across every touchpoint.

Copy this prompt directly and replace **[BRAND]** with your business name.

FAQ Categories to Cover

→ **Services**

What do you offer, how it works, who it's for

→ **Pricing & Payments**

Costs, payment methods, GST, UPI, invoices

→ **Booking & Hours**

How to book, availability, turnaround times

→ **Refunds & Support**

Refund policy, complaint handling, escalation

> **Full Prompt:** "Generate 15 FAQs for **[BRAND]** covering: services, pricing, booking process, business hours, accepted payment methods, and refund policy. Format as Q&A pairs."

MODULE 7

Content Calendar & Launch Campaigns

Module 7 gives you a complete 30-day content engine plus a 5-email nurture sequence and a WhatsApp launch message — all AI-generated.

📅 30-Day Calendar

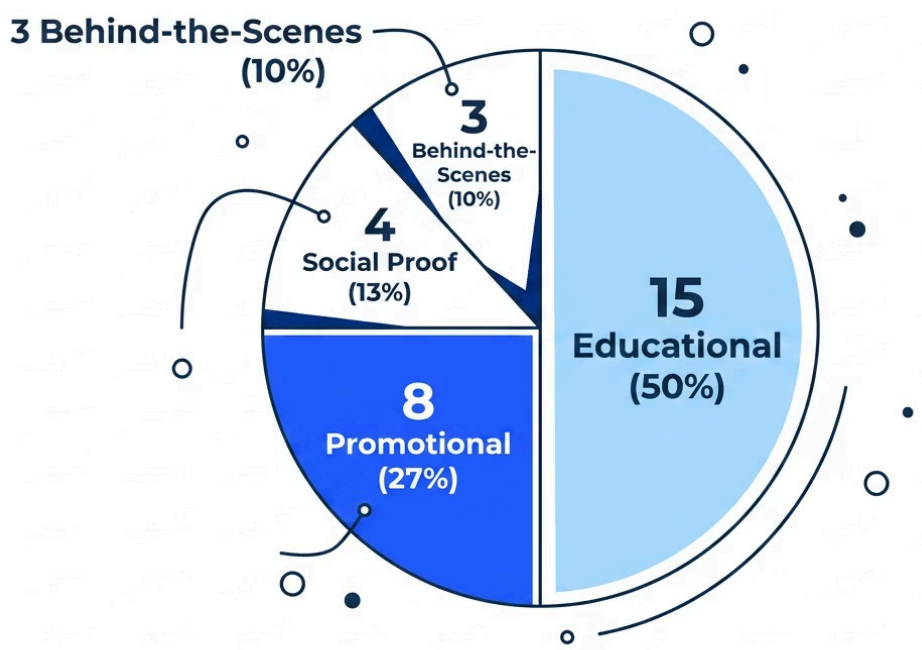
15 Educational posts
8 Promotional posts
4 Social proof posts
3 Behind-the-scenes

📧 5-Email Sequence

1. Welcome
2. Problem awareness
3. Success story
4. Offer reveal
5. Urgency close

💬 WhatsApp Launch

160-word launch message for WhatsApp broadcast — conversational, punchy, and designed to drive immediate action.



Prompt to use: "Create a 30-day social media calendar with 15 edu / 8 promo / 4 proof / 3 BTS posts. Also write a 5-email sequence: welcome, problem, success, offer, urgency. Plus a 160-word WhatsApp launch message."

MODULE 8

Operations, Invoicing & Support

Module 8 is your back-office toolkit — use these prompts to set up professional invoicing, tiered pricing, customer support systems, and internal SOPs.

Invoice Setup

Generate a professional invoice template with logo placement, GST fields, and UPI payment details for **[BRAND]**.

3-Tier Pricing

Create a 3-tier pricing structure (Starter / Growth / Premium) with features and INR prices for **[BRAND]** services.

Support System

Write 10 support FAQs, a complaint response template, and a customer feedback form for **[BRAND]**.

Ops & SOPs

Generate a client onboarding checklist, 3 standard operating procedures, and call/chat scripts for **[BRAND]**.

Area	What to Generate	Prompt Keyword
Invoice	Logo + GST + UPI template	`Invoice logo+GST+UPI [BRAND]`
Pricing	3 tiers with features & INR	`Pricing 3 tiers [BRAND]`
Support	10 FAQs + complaint + feedback	`Support 10 FAQs+complaint [BRAND]`
Operations	Onboarding + SOPs + scripts	`Ops: onboarding, SOPs, scripts [BRAND]`

Remember: Always replace **[BRAND]**, **[NAME]**, **[IDEA]**, and **[AUDIENCE]** with your actual business details before running any prompt.
